

Kent Retreat Weekend 7th-9th April 2017

Little Silver Country Hotel

Ashford Road, St Michaels, Tenterden, Kent TN30 6SP

www.little-silver.co.uk

Known as the “Jewel of the Weald” and home to the Kent and East Sussex Railway, Tenterden is a delightful country town. Its attractive tree-lined High Street is ranked amongst the most attractive in the country, with historic houses, restaurants, pubs and many independent, specialist and antique shops to discover.

The Little Silver is a quality hotel situated just up the road from Tenterden.

All 16 rooms have been reserved for us, but unfortunately there are no single rooms, so I’m hoping friends/family won’t mind sharing.

Each of the en-suite bedrooms, some with whirlpool baths, is stamped with its own individuality. There are four posters, twin beds, a charming family room and two suites including the contemporary-style platinum suite complete with a round bed. All rooms have excellent facilities and are beautifully decorated.

The programme for the weekend is very relaxed, to give time for those who want to explore or just chat and chill with friends. You may like to visit Sissinghurst Castle www.nationaltrust.org.uk/ssissinghurst a ruin of an Elizabethan manor house surrounded by beautiful gardens created by Vita Sackville-West in the 1930s or take a magical 10 mile ride on the vintage steam train to the magnificent castle at Bodiam www.kesr.org.uk www.nationaltrust.org.uk/bodiamcastle

My sister Anne will be with us again for those who want to be pampered with one of her complimentary therapies.

If you are interested in joining us please contact me to check room availability before sending your booking form and deposit. If you would like more information please do not hesitate to call me.

Hotel Costs; £75.00 per person per night including a three course evening meal with after dinner tea/coffee and breakfast.

£20.00 deposit required. Cheques payable “Little Silver Country Hotel” (sent to me)
